24901 County Road 95  
Davis, CA 95616

**1. Call the meeting to order (Chair Yeager)**

The meeting was called to order by Chair Yeager

Present were: Commissioners Jim Yeager and Beth Stiles  
Fire Chief Cherie Rita, Capt. Scott Bravo, and Lt. Jose Ponce-Rangel

**2. Public comment**

NONE

**3. Discussion/Action (All)**

**a. Review SCI draft Engineer's Report and Recommendations**

The committee members and Chief Rita had previously reviewed the document.

**b. Develop Questions for SCI**

- Pg 4 – 1<sup>st</sup> paragraph, last sentence – change to “is a combination department, primarily volunteer”
- Pg 4 – 3<sup>rd</sup> paragraph – change “over 200” to “almost 300”
- Pg 4 – 5<sup>th</sup> paragraph, last sentence – should we mention the public safety sales tax, of which we have received zero?
- Pg 14 – what happens if we take out the Type 6?
- Pg 18 – last paragraph – reference to “proposed services and improvements ..” – does this refer to increased coverage and our current inability to provide adequate replacement apparatus?
- Page 34 – 1<sup>st</sup> paragraph – can we lower the factor for these properties? though assume would then increase amount due from residences?
- Page 35 – 2<sup>nd</sup> to last paragraph – need to change – only have 1 fire station
- Page 39 – Table 10 – “County Fire” – there is no County fire – we get nothing from the County who oversees the department, utilizing the board of commissioners
- How do we know (pre-vote) who is questioning/has issues?
- How can SCI help with getting buy-in?
- Can SCI get us differences in insurance premiums? Farmland, in particular? This would likely be biggest argument for
- DQU is feds - can they come out of mailing? Guessing not
