Brenda - Lillard Hall Manager

Hello Brenda,

I am concerned about the health and food safety at the Hall. First, I thought that the dog training was outside. I witnessed dogs inside the building, this is disconcerting where food is being served. After seeing dog training before our Pancake breakfast, I wanted to make sure we are food safe. I swept and mopped. The fur that came out of the hall is extremely concerning.

I can only assume that if a dog has an accident, the area is not thoroughly cleaned. If a renter sees that dogs have been in the same room as their event with food, the hall could be left with liability calms.

The other area of concern is a cleaning and filling area for mop water. I wanted to get hot water to mop the floor with the only place in the kitchen sinks. I know that even emptying the bucket outside is not the best place (yeah we live in the country). Hot and Cold water outside the hot water heater could temperately help the mop and bucket washout and fill.

Thanks,  
Jon Lee
